

SUMMARY

Computer Science Engineering student with hands-on experience in full-stack Java development using Spring Boot, React, MySQL, and Docker. Built real-world applications involving RESTful APIs, authentication systems, and responsive UIs. Strong in object-oriented programming, problem-solving, and Agile teamwork. Eager to contribute as a Java Developer and grow continuously with modern technologies.

SKILLS

- **Languages:** Java, C
- **Frameworks:** Spring Boot, React (Basic)
- **Databases:** MySQL, Oracle
- **Tools & Technologies:** Web Development, AWS (EC2, S3, RDS), Git, Docker
- **Soft Skills:** Problem Solving, Adaptability, Teamwork, Design Understanding, Team Collaboration

PROJECTS

E-commerce Application — [GitHub Link](#)

Technologies: Spring Boot, React, TailwindCSS, MySQL, JWT

- Developed a full-stack responsive e-commerce platform supporting multiple vendors.
- Implemented user and seller authentication using JWT for secure access.
- Designed product management, shopping cart, and order handling systems.
- Built an AI chat app using Gemini model, along with product management and order processing.

Smart Contact Manager Website — [GitHub Link](#)

Technologies: Spring Boot, Thymeleaf, Google and GitHub authentication and MYSQL

- Enabled CRUD operations including add, edit, delete, and favorite contact features.
- Integrated profile image upload add contact and contact data export functionality.
- Focused on clean UI/UX and mobile responsiveness.

INTERNSHIP

Java Developer Intern — *Codec Technology*

- Built RESTful APIs using Spring Boot and integrated MySQL using JDBC for full CRUD functionality.
- Applied object-oriented principles, exception handling, multithreading, and file I/O.
- Used Java Collections, Lambda expressions, and Stream API for efficient data processing.

EDUCATION

Bachelor of Technology in Computer Science Engineering

IES College of Technology, Bhopal

Sep 2022 – May 2026

Intermediate of Science

S. P. Deo Inter College, Garhwa, Jharkhand

Aug 2020 – Apr 2022

CERTIFICATIONS

- Java Developer Internship — Codec Technology
- Front-end Web Development — Reliance Foundation
- Software Engineering Virtual Internship — JPMorgan Chase
